SAN DIEGO COUNTY FIRE EMERGENCY INFORMATION

Community Health Group (CHG) wants to ensure that all of our members have access to medical care/services given the current state of the fires in San Diego County.

Community Health Group needs your help. Our members that are affected by the fires in San Diego County may go to you for services even though they are not your regular patient.

- Please see these members regardless of whether or not the member is your regular patient.
- If you do see a member that is not your regular patient due to the fires, please bill CHG and we will reimburse you for the service(s).

Also, please click here for additional information and/or resources:
